The Hon'ble Vice President of India is happy to learn that International Trade and Exhibitions India Pvt. Limited, New Delhi is organizing Paperex 2015 - 12th international exhibition and conference on Pulp, Paper and Allied Industries – from November 1-4, 2015 at Pragati Maidan, New Delhi.

We may soon see more of automation, robotics and computerization in Paper Industry. The event is appropriately timed for understanding the need of Industry.

I am sure that the exhibitors and trade visitors to this event will draw the maximum advantage from this opportunity.

In view of depleting forests and environmental reasons, government has restricted the use of wood for paper manufacture by way of several laws and regulations. Therefore, use of alternative fibres such as rice straw, wheat straw, bagasse etc. for paper making will become more common in coming years and will witness major changes in paper industry. There is considerable scope to introduce emerging technologies and effect improvement in quality and productivity of this segment.

Paperex, the World's largest paper show would provide wonderful opportunities and serve as a platform for people associated with Packaging Industry and also their respective users to come together, absorb and exchange the latest technologies from all over the world.

I am sure that exhibitors and trade visitors of this event will draw the maximum advantage from this opportunity.

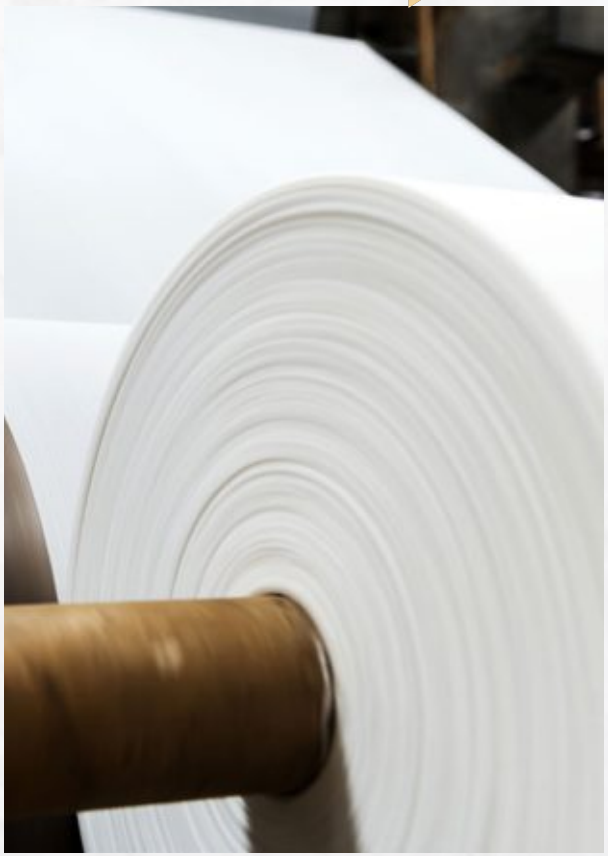
About the India Paper Industry

The Indian Paper Industry has evolved to a great extent. It is now a vast industry comprising more than 750 pulp and paper mills, providing employment to more than 0.5 million people directly and 1.5 million people indirectly. The Indian Paper Industry accounts for about 2.6% of the world's production of paper, meeting not only the domestic demand but also making it one of the leading exporters. The industry is expected to grow at a compound annual growth rate of around 9.6% during 2012-2017, which will make the revenue of Indian paper industry increase to around USD 11 Billion.



Due to growth in literacy, change in lifestyle and increasing consciousness for personal hygiene, per capita consumption of paper and tissue in India is increasing day by day and expected to increase by 1 kg that will increase Paper Production by 1 million tons. With increased demand the paper industry is passing through a phase in which the focus has been shifting to the non-wood raw material from the forest fibres for the production of paper.

The growth in GDP of India has led to the increase in manufacturing activities, increasing the demand for paper products especial the paper boards for carrying out wide range of activities ranging from packaging to storage, transportation and lot more.

नई दिल्ली, 1 नवम्बर (ब्यूरो): देश और दुनिया की नामी-गिरामी पल्प और पेपर कंपनियां प्रगति मैदान में एक छत के नीचे जमा हुई हैं। रविवार से इस उद्योग का व्यावसायिक मेला 'पेपरेक्स-2015' शुरू हुआ है, जो अगले चार दिनों तक चलने वाला है। इस अवसर पर जेके पेपर के हर्षपति सिंघानिया और बिल्ट पेपर एंड पल्प (अवंता ग्रुप) के चेयरमैन गौतम थापर विशेष रूप से मौजूद थे।

शुभारंभ मौके पर मीडिया इंटरैक्शन में सिंघानिया ने कहा कि पेपर उद्योग में एक लाख करोड़ रुपए प्रति वर्ष निवेश की संभावना है। बशर्ते सरकार अपनी नीति स्पष्ट करे। वहीं गौतम थापर ने कहा कि फिलहाल देश में पेपर इंडस्ट्री के लिए प्लेटिशन पॉलिसी नहीं होने के कारण इस उद्योग को तमाम दिक्कतों का सामना करना पड़ रहा है। उन्होंने बताया कि सरकार ने विदेशी आयात पर ड्यूटी माफ कर दी है, जिसके चलते विदेशी पेपर का आयात तेजी से बढ़ रहा है, वहीं देश के भीतर लकड़ी जैसे रॉ मटेरियल की कीमत काफी ज्यादा होने के कारण इंडस्ट्री के उत्पाद की दरें काफी ज्यादा हैं। इससे सेल प्रभावित होती है। सवालों के जवाब में सिंघानिया ने कहा कि संभव है कि जिस तरह से सरकार के पास उद्योग को प्रोजेक्ट करना चाहिए था, हम शायद नहीं कर सके। आज तक इंडस्ट्रियल प्लेटिशन पॉलिसी नहीं होने के कारण तमाम दिक्कतें आ रही हैं।

पेपरेक्स-2015 का यह 12वां संस्करण है। इसमें 545 प्रतिभागी कंपनियां हैं, जिसमें बिल्ट, जेके पेपर, सेंचुरी, इंटरनैशनल पेपर, ट्राइडेंट, टीएनपीएल, वेस्ट कॉस्ट, पदमजी, एपीपी, वाल्मेट, वॉइम और एंड्राइज जैसी बड़ी कंपनियां हैं। इसके अलावा 33 देशों की तमाम कंपनियां इस प्रदर्शनी मेंहिस्सा ले रही हैं, जिनमें चीन, फिनलैंड, ताइवान के अग्रणी ब्रांड शामिल हैं।
