

INDUSTRY OUTLOOK

The global corrugated boxes market is projected to rise at a steady CAGR of 3.69% within the forecast from 2017 to 2022. **By 2022-end, the global corrugated boxes market is estimated to reach around a worth of US\$115.15 bn.**

The demand for corrugated boxes has grown due to notable rise in packaging and converting sector. The rising usage of corrugated boxes in the delivery of fresh food and beverages, logistics, electronic goods, personal care, and home care is propelling the growth in the global market. Moreover, there is another factor augmenting the market growth. The rising preferences for reliable packaging within consumers is another factor fueling the demand in corrugated boxes market.

To meet the growing demand for international quality packaging, Corrugated packaging manufacturers in India are speedily moving on the path of modernization – adopting evolving technologies, installing high speed automatic machines, ensuring quality assurance and incorporating management systems and techniques for efficient operation of the plants.

The 'next generation' of corrugated packaging manufacturers in India are embracing new technologies that can help them meet the demands of their customers for international quality boxes.

ABOUT THE SHOW

Corrugex 2019 – The International Exhibition & Conference on Corrugated Box, Machinery, Technology & Allied Industries will allow exhibitors to present their latest technology trends, production processes and services, covering the entire production and processing chain of the corrugated box industry.
