Post Show Report

www.paperex-expo.com

It is to acknowledge with thanks the receipt of your letter dated 26th September, 2017 requesting message for Hon'ble Vice President of India for organizing. Paperex 2017 – 13th International Exhibition & Conference on Pulp, Paper and Allied Industries - from November 1 - 4, 2017 at Pragati Maidan, New Delhi.

The Hon'ble Vice President conveys his best wishes for the success of the event.

Shri M Venkaiah Naidu Hon'ble Vice-President of India

I am happy to know that the 13th International Trade Fair and Technical Conference on Pulp, Paper, Conversion and Allied Industry - Paperex 2017, is being organized at Pragati Maidan, New Delhi on 1-4 November, 2017.

It is heartening to hear that the 'Paperex' has been able to garner attention of the global industry and stakeholders through the successful organization of its previous 12 editions. The integrative business platform provided by the Trade Fair will surely be of help to the emerging as well as the established market players in this sector ranging from pulp industry to paper manufacturing.

I hope that the Trade fair will witness further successes and provide an ideal platform for showcasing latest innovations and practices in the sector.

Best wishes for the successful organization of the Trade Fair.

Shri Narendra Modi, Hon'ble Prime Minister Government of India

I am happy to know that International Trade and Exhibitions India Pvt Ltd in association with Indian Agro & Recycled Paper Mills Association (IARPMA) is organizing 13th edition of International Exhibition & Conference during November 1-4, 2017 at Pragati Maidan, New Delhi, India.

In view of depleting forests and environmental reasons, the government has restricted the use of wood for paper manufacture by way of several laws and regulations. Therefore, use of alternative fibers such as rice straw, wheat straw, bagasse etc. for paper making will become more common in coming years and will witness major changes in the paper industry.

Time has come that people should consider the benefits of recycling and uses of environment friendly paper with a new mind set. Celebration of World Paper Day on 1st November may provide an opportunity to understand the Paper industry closely.

There is considerable scope to introduce emerging technologies and effect improvement in quality and productivity of this segment.

I extend my best wishes to the International Trade and Exhibitions India Pvt Ltd for the successful exhibition.

Dr Harsh Vardhan, Hon'ble Minister of Science & Technology & Earth Sciences;
Environment, Forest and Climate Change Government of India

It is heartening to know that the International Trade and Exhibitions India Pvt Ltd in association with Indian Agro & Recycled Paper Mills Association (IARPMA) is organizing its 13th Edition of International Exhibition & Conference from 1st to 4th November, 2017 in New Delhi and celebrate the first World Paper Day on Nov. 1, 2017

This leading Trade Event will provide a business platform for the industry professionals and will go a long way to serve the need of the Indian paper industry. As Paper plays an important role in day to day life and is vital as a product in itself, it needs to be promoted for sustained growth in times to come. We may soon see more of automation, robotics and computerization in the paper industry. The event is appropriately timed for understanding the need of the Industry.

I wish the event all success.

Shri Suresh Prabhu, Hon'ble Minister of Commerce & Industry Government of India

I am pleased to know that International Trade and Exhibitions India Pvt Ltd in association with Indian Agro & Recycled Paper Mills Association (IARPMA) is organizing 13th edition of International Exhibition & Conference during Nov 1-4, 2017 at Pragati Maidan, New Delhi, India.

This leading business event will help to explore the needs of Indian Paper Industry in its efforts to be a part of a global market. The Expo will surely create the right business climate for the growth across every level of this Industry and prove to be a business platform to link paper units in the industry. I hope that Paperex would address the need of Paper and allied industry in India.

We should consider it as our responsibility towards nature and use only environment friendly Paper and paper Products. Celebration of World Paper Day on 1st November may provide an opportunity to understand the Paper industry closely.

I appreciate that the Paperex provides an excellent opportunity for technology and knowledge transfer as well as exploring new business opportunities from the world over. I wish the 'Paperex 2017' and its participants all success.

Dr Mahesh Sharma, Hon'ble Minister of State for Environment, Forest and Climate Change Government of India

I am pleased to note that the 13th Paperex Exhibition & Conference is being organised on 1-4th November 2017 at Pragati Maidan, New Delhi.

Paperex over the years has established itself as a signature event among the exhibitions/conference organised globally with focus on Pulp, Paper & Allied Industries.

The conference being organized along with the exhibition will host reputed industry players, technocrats, scientists, academicians and other stakeholders who will be deliberating on latest technological developments and interventions, threats as well as opportunities for the paper industry.

I wish the Paperex 2017, great success!

Shri Ramesh Abhishek, Secretary Ministry of Commerce & Industry Government of India

I am glad to know that the World Paper Forum, ITEI and Indian Agro & Recycled Paper Mills Association (IARPMA) intend to bring out a Souvenir cum Show Catalogue in connection with the 13th edition of Paperex, the World's Largest Paper Show to be held from 1st to 4th November 2017 at New Delhi. I wish the Show as well as the publication all success.

Justice (Retd.) P Sathasivam, Hon'ble Governor of Kerala

I am pleased to know that International Trade and Exhibitions India Pvt Ltd in association with Indian Agro & Recycled Paper Mills Association (IARPMA) is organizing 13th edition of International Exhibition & Conference during November 1-4, 2017 at Pragati Maidan, New Delhi, India.

This incredible initiative will provide a platform for industry professionals and will go a long way to serve the need of the Indian paper industry. As paper plays an important role in our daily lives, it needs to be promoted for sustained growth in the times to come.

The paper industry awaits automation, robotics and computerization, and the event is great platform for exchanging ideas and technological improvements. I hope that the participants from Andhra Pradesh will draw the maximum advantage from this opportunity.

The initiatives and potential of the paper industry, must be contemplated, and the event is appropriately timed, to celebrate World Paper Day on November 1, 2017.

I appreciate the efforts by the organisations to host this event, and I sincerely wish the exhibition a grand success.

Shri Nara Chandrababu Naidu, Hon'ble Chief Minister Government of Andhra Pradesh

The demand for Paper is rising fast in the consumer-oriented industries. Though the Indian Paper Industry is growing fast and will be self-sufficient to fulfill the diverse needs of Indian Market, yet the challenge is to measure up to international benchmark in terms of product quality and price.

World Paper Day Celebration on November 1, 2017 under the umbrella of World Paper Forum may provide an opportunity to understand the initiatives and potential of paper industry.

I am pleased to know that International Trade and Exhibitions India Pvt Ltd in association with Indian Agro & Recycled Paper Mills Association (IARPMA) is organizing 13th edition of International Exhibition & Conference during 1 to 4 of November 2017 at Pragati Maidan, New Delhi, India.

My best wishes for the grand success of this International Trade Fair and Technical Conference on Pulp, Paper and Allied Industry.

Shri Vijay Rupani, Hon'ble Chief Minister Government of Gujarat

I am happy to note that International Trade and Exhibitions India Pvt Ltd in association with Indian Agro & Recycled Paper Mills Association (IARPMA) is organizing the 13th edition of Paperex.

I hope that this event will address the needs of paper and allied industries in the country and hope that it may provide an opportunity to understand the initiatives and potential of the industry.

I extend my best wishes to all the participants, delegates and organizers for the success of the event.

Shri Pinarayi Vijayan, Hon'ble Chief Minister Government of Kerala

I am pleased to know that International Trade and Exhibitions India Pvt Ltd in association with Indian Agro & Recycled Paper Mills Association (IARPMA) is organizing 13th edition of International exhibition & conference during Nov 1-4, 2017 at Pragati Maidan, New Delhi, INDIA.

This leading Trade Event will provide a business platform for the industry professionals and will go a long way to serve the need of the Indian Paper Industry. As Paper plays an important role in day to day life and is vital as a product in itself, it needs to be promoted for sustained growth in times to come. We may soon see more of automation, robotics and computerization in the Paper Industry. The event is appropriately timed for understanding the need of the Industry. The Exhibition will serve as a window of opportunity for the Exhibitors and Visitors of Maharashtra.

I convey my best wishes to all the participants, delegates and organizers for the success of the event.

Shri Devendra Fadnavis, Hon'ble Chief Minister Government of Maharashtra

On behalf of ITE, I would like to warmly welcome you all to this latest edition of Paperex in the wonderful city of New Delhi. Paperex is one of the pre-eminent paper industry events in the world and we are honoured to be a part of it.

Paperex is a rare chance for you to see for yourself, the latest trends and technologies, to meet with new business partners and to renew old acquaintances. India should be rightly proud to host such a major showcase of the paper and allied industries that demonstrates to the world the technological advancements of this truly enterprising country.

I would like to express our gratitude on behalf of whole ITE Group to all Supporting Ministries, trade Associations, Media Partners, Exhibitors, Visitors from world over. My thanks, in particular go to the IARPMA, IPMA, IPPTA, INMA and FPTA who work closely with us to make Paperex an industry event, designed by the industry for the industry

To avoid another two years' wait for the next edition of Paperex, I would like to remind you that Paperex South India will take place for the fourth time next year on 15-17 Nov 2018 at Chennai Trade Centre, Chennai. This is another important business platform for small and mid-size paper manufacturing companies to connect with international technology and wider market and you would be most welcome to join us.

Thank you for taking this valuable time from your busy schedule to join us today. My best wishes for a successful, productive and enjoyable visit to Paperex 2017.

Mr. Gordon Payne, Regional Director - Asia ITE Group PLC

ITE is one of the world's leading organizer of international trade exhibitions and conferences. Our vision is "To create the world's leading portfolio of content-driven, must-attend events delivering an outstanding experience and ROI for our customers".

Our events are produced by over 1000 staff working from 32 offices in 20 countries. We organise over 240 trade events per year across a wide range of industry sectors. Many are based in emerging or fast-growing markets such as Russia, Central Asia, India, Southeast Asia and Southern & Eastern Europe. We also have a growing number of events in China, Western Europe, Africa and for the first time in 2015, the Americas. This network provides global expertise, local market knowledge and high standards of customer service and support.

Now ITE Group has a vision to create a unified business platform for paper and allied industries world over. The ITEI, Indian subsidiary of ITE Group has started promoting and developing Paperex through global networks and in last few years the event has received the remarkable noticeability and acceptance in the global paper industry.

It is indeed a great pleasure to present the 13 edition as Paperex 2017 during Nov 1-4, 2017 at Pragati Maidan, New Delhi, INDIA.

On behalf of ITE Group., I take the opportunity to thank all the Exhibitors, Speakers, Delegates, Sponsors, Associations and Visitors for their support to support the success of this show.

Mr. Mark-Shashoua, Chief Executive Officer ITE Group PLC

India is the fastest growing market for paper globally and it presents an exciting scenario and we are seeing a growth of around 6-7%. Paper consumption is poised for a big leap forward in sync with the economic growth. It is now a vast industry comprising more than 750 pulp and paper mills, providing employment to more than 0.5 million people directly and 1.5 million people indirectly. The Indian Paper Industry accounts for about 3% of the world's production of paper, meeting not only the domestic demand but also making it one of the leading exporters.

The domestic market/consumption of paper is over 16 million tonnes per annum (TPA), with over 2 million TPA being imported. By 2024-25, under the baseline scenario, domestic consumption is projected to rise to 23.50 million TPA (in the optimistic scenario, consumption is expected to rise to 36.90 million TPA by 2024-25).

Due to growth in literacy, change in lifestyle and increasing consciousness for personal hygiene, per capita consumption of paper and tissue in India is increasing day by day and expected to increase by 1 kg that will increase Paper Production by 1 million tons. Though India's per capita consumption is quite low compared to global peers, things are looking up and demand is set to rise to an estimated 20 mt by 2020. Current demand for wood by Paper industry is about 11 million TPA, against domestic availability of 9 million TPA, and is projected to rise to 15 million TPA by 2024-25.

The growth in GDP of India has led to the increase in manufacturing activities, increasing the demand for paper products especially the paper boards for carrying out wide range of activities ranging from packaging to storage, transportation and lot more.

A Unified Business Platform for the Paper Industry

Paperex an internationally renowned series of exhibitions and conferences focusing on Paper, Pulp and all Allied Industries. It is the only comprehensive business platform serving the paper industry and over the years, this leading business event has become the perfect platform for showcasing the entire spectrum of products and services relating to the Paper and Allied Industries.

The Paperex series of Exhibition and conference has always been a gratifying experience in terms of organization, participation, and generation of new business opportunities in the field of Paper, Pulp and allied industries.

The steady growth of the event, which has already seen 13th editions, is a reflection of the increasing capabilities as well as the potential for new technologies and investments in the Paper, Pulp and Allied Industries. An interesting dimension to the popularity of "Paperex" has been the expanding international interest. This is evident from the growing numbers of participants as well as visitors from countries across the globe. "Paperex" also credits its growth to the active support & patronage of both Indian and the International Paper Industry and Associations. It has clearly become the only platform that provides a unique opportunity for Networking, Best Sourcing, Technology & Knowledge Transfer, Joint Ventures from across the globe.

World Paper Forum (WPF) is an effort to create a common platform for paper industry for Technology & knowledge Transfer and explore new business opportunities amongst members. WPF is a business-led forum with a target membership of 20,000 from paper and allied industry worldwide.

WPF will bring together the leaders, policy makers and thinkers to regularly review the key issues as well as identify new opportunities for the overall growth of the paper and allied industries with a special focus on India.

WPF is an initiative to bring together leaders, policy makers and thinkers of paper and allied industries for:

- Knowledge transfer and finding solutions to new challenges
- Identifying new opportunities for the overall growth of the paper industry
- New business alliances across boundaries
- A unique opportunity to learn from the success stories of achievers
- Encounter with new innovative technologies in paper industries

The future key activities of WPF include:

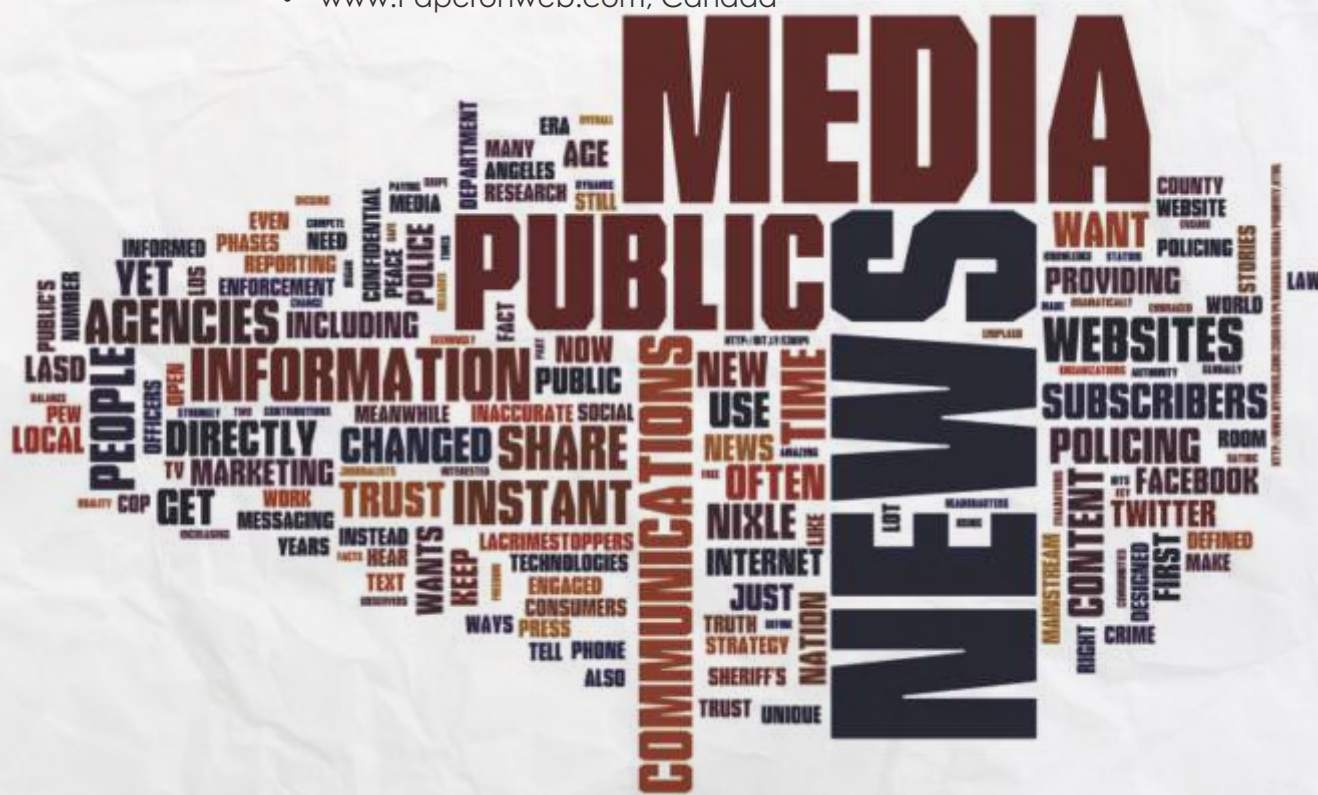

- **Conducting exclusive awards programmes**
- **Supporting training programmes**
- **Organizing CEO Conclaves-** For Knowledge-sharing and finding solutions to new challenges
- **Organizing "Global Buyer Seller programs"**

"World Paper Forum" has received a remarkable acceptance from global paper and allied industries. With over 1700 members from 30 countries including Australia, Bangladesh, Belgium, Brazil, Canada, China, Egypt, India, Indonesia, Iran, Italy, Kenya, Korea, Malaysia, Nepal, New Zealand, Nigeria, Pakistan, Saudi Arabia, Singapore, Spain, Sri Lanka, Sweden, Taiwan, Thailand, Turkey, Uganda, United Arab Emirates, United Kingdom, USA

Paper industry has sought the government's support to check flow of cheap imports, especially from Asian countries, so as to protect the domestic players.

"One of the challenges faced by the paper industry in cheaper imports. Paper industry through our industry body Indian Paper Manufacturers Association (IPMA) has made representations to the government to curb paper imports or to put anti-dumping duty," Century Pulp & Paper CEO J P Narain told PTI on the sidelines of 'Paperex' event.

Narain said that cheaper imports force domestic companies to bring down their prices, hurting their margins and profitability.

Trident Technical Advisor B C Jubari said paper imports are cheaper by Rs 4-5 per kg and it is the biggest challenge faced by domestic paper manufacturers.

Union Minister C R Choudhary had urged the paper industry to upgrade technology to compete in the global markets and boost export of quality products.

Inaugurating Paperex (November 3-4), the minister of state for commerce and industry also suggested to use recycled inputs to bridge shortage of raw material in the sector.

International Trade and Exhibitions India (ITE) Director Gagan Sahni said the country's consumption of paper will go up substantially in the medium term despite the digital boom.

"Currently per capita consumption of paper is 9.8 kg as compared to 350 kg in the US and global average of 58 kg.

There is huge scope and opportunity for growth of paper industry in India," he added.

Over 30,000 visitors and participants from 55 countries are expected to attend Paperex.

Industry e-commerce country's paper Consumers packaging industry Century pulp

'E-comm a big opportunity for India packaging segment'

Century Pulp & Paper CEO J P Narain said the packaging demand is growing at 9.5 per cent in virgin packaging board and around 15 per cent in virgin packaging board.

PTI | November 05, 2017, 09:57 IST

Share 2 0+ Share in Share Tweet

Printer A Newsletter

The rapid growth in the Indian e-commerce sector — pegged to touch USD 228 billion by the year 2030 — will help the country's paper packaging segment to expand, industry executives today said.

E-commerce for manufacturing companies is changing how businesses do business with other enterprises, including paper and pulp manufacturing units, they

added.

N R Agarwal Industries CMD R N Agarwal said global e-commerce players are looking at the Indian market to procure quality packaging paper and packaging solutions.

There will be a strong growth in future as consumers need quality products, he added.

Century Pulp & Paper CEO J P Narain said the packaging demand is growing at 9.5 per cent in recycle packaging board and around 15 per cent in virgin packaging board.

He added that he expects e-commerce growth trends to continue which will also provide a fillip to the country's paper packaging industry.

According to the industry body Indian Paper Manufacturers Association (IPMA), the paper packaging industry is expected to be about 9.8 million tonne per annum in size in 2017.

The industry is expected to move at 18 per cent CAGR in the next 10 years with average price of more than USD 1000 per tonne, it added.

ZEEBUSINESS

'Tech upgradation to help industry compete in global markets'

Union Minister C R Choudhary today pitched for upgradation of technology by the domestic paper industry to compete in the global markets and boost exports of quality products.

Inaugurating paper exhibition - Paperex - here, the minister of state for commerce and industry also suggested to use recycled inputs to bridge shortage of raw material in the sector.

"Technology upgradation should be done immediately to compete with the global quality," Choudhary said.

He assured that the ministry will look into issues of the sector to promote ease of doing business, improve production and exports.

Over 30,000 visitors and participants from 55 countries are expected to attend the event.

Speaking at the occasion, Paperex Director Gagan Sahni said that the country's consumption for paper will go up substantially in the medium term despite the digital creating a lot of buzz.

Currently, per capita consumption of paper is 9.8 kg as compared to 350 kg in the US and global average of 58 kg, he added.

The industry is expected to move at 18 per cent CAGR in the next 10 years with average price of more than USD 1000 per tonne.

The rapid growth in the Indian e-commerce sector will help the country's paper packaging segment expand, industry executives on Saturday said. (Photo: Pixabay)

New Delhi: The rapid growth in the Indian e-commerce sector – pegged to touch USD 228 billion by the year 2030 – will help the country's paper packaging segment to expand, industry executives on Saturday said.

E-commerce for manufacturing companies is changing how businesses do business with other enterprises, including paper and pulp manufacturing units, they added.

N R Agarwal Industries CMD R N Agarwal said global e-commerce players are looking at the Indian market to procure quality packaging paper and packaging solutions.

There will be a strong growth in future as consumers need quality products, he added.

Century Pulp & Paper CEO J P Narain said the packaging demand is growing at 15.5 per cent in recycle packaging board and around 15 per cent in virgin packaging board.

He added that he expects e-commerce growth trends to continue which will also provide a fillip to the country's paper packaging industry.

According to the industry body Indian Paper Manufacturers Association (IPMA), the paper packaging industry is expected to be about 9.8 million tonne per annum in size in 2017.

The industry is expected to move at 18 per cent CAGR in the next 10 years with average price of more than US\$ 1000 per tonne. R Narain

Paper industry wants industrial plantation policy

Most paper mills stock raw material in the form of trees and plants from plantations owned by farmers. Since regulations don't allow industry ownership.

With burgeoning demand for paper products and an increasingly severe shortage of raw materials at mills, now factories have again asked for a comprehensive industrial plantation policy.

Currently, most paper mills stock raw material in the form of trees and plants from plantations owned by farmers. Since regulations don't allow industry ownership.

On Wednesday, minister of state for commerce and industry C R Choudhary suggested the industry involving at least of recycling waste categories. Choudhary was speaking at Paperex 2017, the world's largest exhibition for paper, paper products and related equipment, recycling at India in 40-50 per cent. It is over 65 per cent in Japan, senior industry sources said.

"Today, the model of large plantations to farm factory, we have partnered with farmers across Odisha, Andhra Pradesh, Gujarat and Maharashtra to set up demand community ring, availability of which is the single biggest problem," Harsh Pati Singhania, vice-chairman and managing director of IP Paper, told Business Standard. He said pressure on the industry was set to rise, with the average compounded annual growth rate pegged at 18 to 20 per cent. The corresponding figure for specific paper products such as boards is between 15 and 16 per cent.

Last year, the environment ministry had proposed allowing private industry to own land designated as degraded suitable for plantation. However, the sensitive nature of allowing private firms to take control of degraded forest, the proposal lost steam.

The country's forest cover, according to the 2015 Forest Status Report, increased by 0.575 million hectares in comparison with the 2013 report. Forest and tree cover is 76.52 per cent or 24.2 per cent of geographical area, much above the 30 per cent estimate at the start of this century. This is, however, way below the policy target of 33 per cent.

"We Paperex again submitted a proposal to the environment ministry but have heard nothing so far. I clarify that we do not seek ownership of the land but are willing to partner with forest development authorities and buy back the produce at agreed rates," Saranath Bangar, president of the Indian Paper Manufacturers Association, told Business Standard.

As at, not to let growing levels of forest degradation bring down forest classes of creating an additional 1.5 to 2 billion tonnes of carbon sink through plantation by 2030, the ministry is again studying the proposal, a senior official said. Per capita consumption of paper in the country is 54 kg a year, compared to 350 kg in America.

The global average is 54 kg, under pressure to source inputs, manufacturers have increasingly resorted to importing pulp and other materials from abroad, mainly Asia.

With escalation in cost on the production side, the plan by Indian companies to enter the export market has been pushed back, a senior official from Delhi-based Paper and Board told Business Standard. Exports are a small share of Indian firm's business operations.

Paper industry seeks govt support to curb cheap imports

PTI
November 2, 2017 | UPDATED 16:58 IST

New Delhi, Nov 2 (PTI) Paper industry has sought governments support to check the flow of cheap imports, especially from Asian countries, so as to protect the domestic players.

"One of the challenges faced by the paper industry is cheaper imports. Paper industry through our industry body Indian Paper Manufacturers Association (IPMA) has made representations to the government to curb paper imports or to put anti-dumping duty," Century Pulp & Paper CEO J P Narain told PTI on the sidelines of Paperex event here.

Narain said cheaper imports force domestic companies to bring down their prices, hurting their margins and profitability.

Trident Technical Adviser R C Johari said paper imports are cheaper by Rs 4-5 per kg and it is the biggest challenge faced by domestic paper manufacturers.

Yesterday, Union Minister C R Choudhary urged the paper industry to upgrade technology to compete in the global markets and boost export of quality products.

Inaugurating Paperex (November 1-4), the minister of state for commerce and industry also suggested to use recycled inputs to bridge shortage of raw material in the sector.

International Trade and Exhibitions India (ITE) Director Diagan Sahni said the countrys consumption of paper will go up substantially in the medium term despite the digital buzz.

"Currently, per capita consumption of paper is 9.8 kg as compared to 350 kg in the US and global average of 58 kg. There is huge scope and opportunity for growth of paper industry in India," he added.

Over 30,000 visitors and participants from 55 countries are expected to attend Paperex. PTI

Paperex 2017 opens at Pragati Maidan

By Dimpayuti Sarma, 01 November 2017

The 13th International Exhibition and Conference on Pulp, Paper and Allied Industries opened on 1 November at Pragati Maidan, New Delhi. Popularly known as Paperex, the event is the only comprehensive business platform serving the paper industry and over the years, this leading business event has become the perfect platform for showcasing the entire spectrum of products and services relating to the Paper and Allied Industries.

The event will have a separate pavilion for handmade paper

The four-day event, which concludes on 4 November 2017, will see more than 600 exhibitors and trade visitors from more than 55 countries. This year, the exhibition will have separate global paper technology supplier pavilion; paper manufacturers networking pavilion; paper traders business networking lounge; special printing and packaging paper pavilion; handmade paper pavilion alongside various new launches and special offers by exhibitors.

The first day of the show on 1 November will also see the launch of Paper Day. The ceremony has been scheduled for 4.30 pm at Hall No 7, Pragati Maidan. The chief guest for the Paper Day will be Dr Harsha Vardhan, union minister of science and technology, earth sciences, environment, forest and climate change. The guests of honours will be Vijay Goel, union minister of state for parliamentary affairs, statistics, and programme implementation, and Harsh Pati Singhania, vice-chairman and managing director, IP Paper.

Meanwhile, the 13th International Technical Conference during Paperex 2017 will focus on 'Pulp and Paper Industry: Strategies for Sustainable Growth. The three-day conference starting 1 November will see speakers talk about topics such as,

Indian paper industry: trends and challenges for sustainable growth; developments in fibrelines and tissue and papermaking; breakthrough technologies; innovative approaches in energy-saving and environmental protection and simulation tools.

The Indian paper industry is now a vast industry comprising more than 750 pulp and paper mills, providing employment to more than 2 million people directly and indirectly. The estimated turnover of the industry is around USD 8 billion. Due to growth in literacy, change in lifestyle and increasing consciousness for personal hygiene, per capita consumption of paper and tissue in India is increasing day by day. The growth in GDP of India has led to the increase in manufacturing activities, increasing the demand for paper products special the paper boards for carrying out wide range of activities ranging from packaging to storage, transportation and lot more. The per capita paper consumption in India at a little over 15 kg, is way behind the global average of 57 kg. Indian paper industry is expected to reach up to USD 12 billion by 2017. Projected demand of paper is 20 million tonnes by 2020.

"Best show in the world & Largest show in the world, Got so many fruitful inquiries & high quality visitors"

-Rajni Patel, CMD, JMC Paper Tech Pvt Ltd

"We are proud to be associated with this event and it has given lot of support to be stand in the market to prove our self at this platform."

- V. Narsingha Rao, KKT Shakti Hitech Pvt Ltd

"Best Show in the world in terms of quality Business visitors. Managed in very professional manner congratulation to Organisers"

- Nehal Shet, President, Garuda Engineering Technologies

"Professionally managed, excellent services, timely completion. Overall a good show, all our principals are extremely happy with their participation."

- Vijay Singhal, Business Partner, Eintec

"Excellent response. Very good visitors, whole world came and visited here, and we will definitely participate again..."

- Prashant Patel, Excel Papertech Engineers

"Excellent show, excellent service by the organizers. Great set of visitors. Looking forward to participate in the next edition..."

- Nitin Gupta, Partner, Indo Steel Engineers

"Great crowd for business connectivity, and networking. A lot of participation from all over the world, it is indeed the world's largest paper show..."

- Mr. Bhavik Patel, Director, Metatech Thermal Spray Pvt Ltd

"Happy with the response." - Markand Trivedi, CEO, Mark Engineering Services

"Good visitor response, including a lot of meaningful visitors. Overall a great experience."

- Joginder Singh, Managing Director, Indo Gears and Machinery

"Good response, and great way of organizing the whole event. Awesome. See you at Paperex at Chennai In 2018"

- Sudhir Gupta, Director, Merchant Engineering Pvt Ltd

"As usual, it was great experience at Paperex 2017. We had good visitors We will meet you again next year @ Chennai."

- Manahor B, General Manager – Sales & Service, Polytech Instruments Pvt Ltd

"Overall a great response and a very good platform to explore the business opportunities. It is our first that we have participated in Paperex, and it was a great experience."

- Gaurav Kaushik, Sr. Engineer Marketing, Rathni Transpower Pvt Ltd

"A very good show. Great footfall. We are happy that we are part of this event. It is a major one and already a big hit, The show was great..."

- Umesh M Shah, CMD, Bhavi International Pvt Ltd

"Wonderful show, the best Paperex so far. Everyone is positive after this show..."

- Nidhish Shah, Manager Sales, Erhardt + Leimer (India) Pvt Ltd

"As they say that success goes hand in hand, which Nnoweta believe. Saying so, let me add by saying east or west Paperex 2017 is the best..."

- Ajay Anand, HR Head & Business Development Manager, Nnoweta Performance Chemicals Pvt Ltd

"Good response! Overall well managed..."

- Mansi Bali, General Manager, AM Trading UK Ltd

"This year the response has been exceptional. The quality of enquiries were great too. Keep up the good work"

- Ruchica G Kumar, Vice President Marketing, Ruchira Papers Ltd

"Thank you for one of the best Paperex experience that we have seen in the last few years. We would like to congratulate you for your efforts of your complete team and hard work..."

- Siddhartha Chauhan, Calsys India Private Limited

"Paperex 2017 has been organized in a planned way and the arranged activities executed well. The team of organizers have worked tirelessly to provide for this platform and to ensure that the requirements of the exhibitors is well taken care of. Keep it up team!"

- Wesley Solomon, Dy. General Manager – Sales & Marketing, BILT Graphic Paper Products Ltd

"It is a very good platform for business for good relation. This show must go on and on. Team is very good. Keep it up..."

- Bhart Sally, Director, Best Engineering Works Regd.

"Biggest platform for paper and allied industries. It was great to see such a huge footfall from relevant industries. Also, global participation helps in increasing the reach of the company. Looking forward for next Paperex in 2019..."

- Shalabh Gupta, Director, Modinagar Rolls Pvt Ltd

"Paperex 2017 has been a major success event in terms of participation from exhibitors and visitors. The overall arrangements were really good. The staff attached to Paperex arrangements were very courteous and co-operative. We are very much happy the over all arrangements..."

- MKS Prabhakar, Asst. General Manager, Tamilnadu Newsprint And Papers Ltd

"The organizing part was fruitful, very well organized..."

- Ashok Vyas, Vice President Marketing, Bindals Papers Mills Limited

"Very nice pre arrangements. Overall very systematic and well organized..."

- Sukanya Behera, Marketing Manager, APRIL International Marketing Services (India) Private Limited

"Well planned and nice arrangements..."

- Sandeep Biyani, General Manager Marketing, Orient Paper & Industries Ltd

"Well organized. We came here to make our presence felt, and meet people from all related industry. Our objectives were well met..."

- Sanjay Thakur, Vice President – Corporate, Kuantum Papers Ltd

"Very well organized exhibition"

- Utkarsh Morey, Sr. Manager, Deepak Nitrite Ltd

"Very well organized, great advantage. Paperex was successful and overall co-operation of all staff was excellent..."

- Rupesh Shah, Director, DHD General Trading LLC

"Paperex 2017 has been a great experience for us and there is a good platform to increase our sales in Indian market..."

-Md. Manjur Hossain, AGM, Bashundhara Paper Mills Ltd

"Paperex 2017. Great experience, business was good. Excellent footfall..."

- Sanjay Dhar, Dy. General Manager, Vital Paper International Pvt. Ltd

"It was one of the best exhibitions we had been to. We are definitely going to be here next year"

- Farshad Mahallati, Rasha Caspian Iranian Paper Complex

"Excellent arrangements, great show! , Shall definitely help us to take our business to the next level as a global player..."

- Hitesh Chadha, Vice President Paper & Chemical Marketing, Trident Ltd

"Well done good show, Honored to be a part of this exhibition, we wish you best of luck for future."

- Rohit Tickoo, Director, Tycon Automation Pvt Ltd

"An Excellent show. Very well organized, planned and motivated. We have been exhibiting since the first Paperex and the show is seeking great heights with each show. We will be part of Paperex 2019"

- Sanjay Lathia, Technical Director, Lathia Rubber Mfg. Co. Pvt Ltd

"A well executive event with exhibitors & visitors all across the world from the paper industry. Expect the same for the future events infact more expectation now keep up the good work"

- Manan Vadher, Director, Vacunair Engineering Co. Pvt. Ltd
